What We Do

Phillip A. Jones Consulting LLC

At Phillip A. Jones Consulting, LLC, we are working to reform the criminal justice system so it can operate fairly and equitably; to ensure the dignity and humanity of those interacting with the system. This transformative journey involves a comprehensive review and revisions of policies, practices, and perspectives that have traditionally governed the system. By focusing on fairness, the reform aims to eliminate biases and disparities that disproportionately affect marginalized communities, ensuring that justice is served impartially.
